

Adaptors

Plexon-NAN Instruments Adaptors

Part: ADP/8o50-NAN-4

Description:

“Adaptor to interface 8-channel (10-pin) Omnetics 0.050 headstage to 1-4 NAN electrode drive channels; NAN tower mating pins on all channels, clip on ground, 4" channel and ground leads”

Provides an interface between: Plexon headstages

- HST/8o50-G1
- HST/8o50-G20

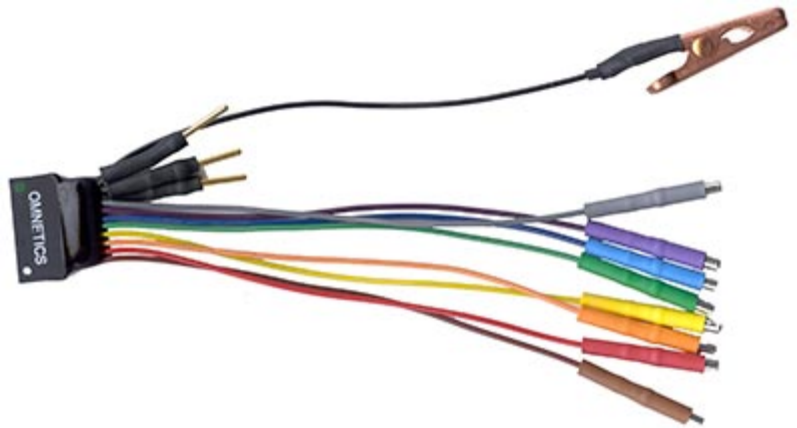

and NAN drive

- one to four electrodes

Part: ADP/8o50-NAN-8

Description:

Adaptor to interface 8-channel (10-pin) Omnetics 0.050 headstage to 5-8 NAN electrode drive channels.

Provides an interface between: Plexon headstage

- HST/8o50-G1
- HST/8o50-G20

and NAN drive

- five to eight electrodes
